

ANESTHESIOLOGY SPECIALIST – JOB OPPORTUNITY QUEEN ELIZABETH II REGIONAL HOSPITAL GRANDE PRAIRIE, AB

Join our team of Anesthesiologists and be one of the first to serve in the new Grande Prairie Regional Hospital scheduled to open in 2020!

Alberta Health Services is seeking an Anesthesiologist to join our specialist group in the Queen Elizabeth II Regional Hospital initially and then join us in the move to the new Grande Prairie Regional Hospital in 2020, increasing our capacity to provide services to the people of Northwestern Alberta & Northeastern British Columbia.

The successful candidate must have training and expertise (FRCP or FRCP eligible) in the management of Anesthesia including obstetric, dental, and pediatric anesthesia (greater than one year of age) - [See Full Job Posting - AHS Doctor Jobs](#)

The QEII Regional Hospital is a regional referral 160 bed acute care facility with a busy emergency department, ICU, NICU and specialty services in OBGYN, orthopedic surgery, general surgery, ophthalmology, ENT, urology, dentistry, palliative care, pediatrics, and psychiatry; hosting 10,000 admissions, more than 60,000 emergency department visits, approximately 2,000 deliveries and more than 10,000 surgical procedures annually. The new hospital will broaden the surgical scope to include bariatrics and a visiting thoracic surgeon.

The City of Grande Prairie is an economically strong and culturally diverse large urban centre, with a population of over 77,000 and a catchment area of about 300,000 and growing. Grande Prairie provides a wide choice of recreation, education (public, separate & francophone school boards), shopping and entertainment opportunities. Grande Prairie is a full service urban centre with a new Multiplex Recreational Centre, a Community College, numerous cultural events, alpine skiing, cross country skiing, mountain biking, camping, water sports and more, including a Regional Airport - www.grandeprairieairport.com
